Brochure Dimensions

Similar to the Oregon Cascades and Oregon Coast Birding Trails, the folded Trail brochure will measure 4 inches x 9 inches. It will open into booklet form to be 8 inches wide, with two adjacent 4x9 panels. When the booklet is opened further, the guide will measure 16 inches by 9 inches.

Design Assistance Included

Included in all sponsorships are the design and production of your display. The graphics contractor will work directly with you to fashion a piece that meets your demands. If you prefer to produce your own display, you will work with the contractor to submit camera-ready artwork. We are sorry, but we cannot offer any discount on your display if you do the work yourself.

Where to Send your Sponsorship Contributions
